ORS 471.155 requires the Commission to provide for the licensing of persons and cities within the state to manufacture, distribute, take orders for and sell spirits, wine, beer, and other alcoholic liquors.

Commission staff proposes that the Commission cancel your license for the following violations:

On or about Friday, June 16, 2017, at approximately 2:23 am, officers from the University of Oregon Police Department (UOPD) were dispatched to a location one block away from the licensed premises on the report of a motor vehicle accident. The driver had driven up a curb, over a sidewalk, and into concrete steps leading into a building. UOPD Case #17-0672.
4. On or about Friday, July 14, 2017, at approximately 10:25 pm, complainant reported being assaulted by a member of the security staff at the licensed premises after he refused the complainant entry, purportedly due to the complainant's sexual orientation. 5. On or about Saturday, September 2, 2017, a female patron reported to the EPD that she had two alcoholic beverages at the licensed premises the night before and was not able to remember anything afterwards. Two brothers, both showing signs of intoxication, became involved in a fight inside the bar and were kicked out. After they left the bar, one of them tried to re-enter the premises and got into a physical altercation with a member of the security staff

after he was told he could not come back in. Security staff reported that the patron slapped a member of the security staff and punched him in the face twice before being taken to the ground and detained. The patron reported that the altercation began when one of the security staff put his brother in a choke hold as they were getting kicked out. He claimed he was attempting to push the security staff off of his brother when the staff member began swinging at him, and he hit back to defend himself. The patron was arrested for assault. EPD Case #17-17401.

9. On or about Saturday, October 28, 2017, a female patron in the licensed premises accepted a drink from an unknown male. 12. On or about Wednesday, December 13, 2017, at approximately 9:00 pm, a patron had his wallet stolen from a table in the licensed premises when he left to go to the bathroom. EPD Case #17-20988.
13. On or about Sunday, January 28, 2018, at approximately 2:45 am, EPD and UOPD responded to the licensed premises for a reported assault. An altercation began in the licensed premises when a male patron started yelling at a female patron. The victim of the assault verbally confronted him about his behavior. Afterwards, the victim waited outside the licensed premises until he thought the aggressive patron and the group of people he was with had left, and then walked

away. About a block away from the premises, the aggressive patron and several other people believed to have been with him in the bar attacked the victim, resulting in multiple injuries including a fractured orbital bone and partial blindness. UOPD Case #18-0126.

She had no memory of leaving the premises, but believed someone took her from the bar, and she was later found wandering without her possessions and without any knowledge of how she got there. UOPD Case #18-0468.
21. On or about Thursday, April 19, 2018, at approximately 1:35 am, an EPD officer pulled over a driver after observing her pull out of a parking lot behind the licensed premises and drive the wrong way down a one-way street. A large fight eventually broke out outside the premises, involving approximately 20 individuals. Officers and security staff from the licensed premises broke it up. EPD Case #18-06369.

25. On or about Sunday, April 29, 2018, at approximately 2:59 am, an EPD officer observed a vehicle pull out of a parking lot two blocks away from the licensed premises, stop abruptly, attempt to reverse down the street back into the parking lot, and hit a parked vehicle. 28. On or about Saturday, June 2, 2018, at approximately 1:23 am, a UOPD officer was flagged down around the corner from the licensed premises where several witnesses reported seeing a bartender from the premises strike and knock a man unconscious. The victim had been in the premises earlier and was kicked out for attempting to steal a bottle from behind the bar. He and the bartender who caught him got into a verbal altercation after the bartender kicked him out and escorted him outside of the bar. Angry at what the victim was saying to him, the bartender hit him with a closed fist, causing him to lose consciousness and fall to the pavement, and then returned to work at the licensed premises. UOPD Case #18-0685.
29. On or about Saturday, June 16, 2018, at approximately 1:45 am, an EPD officer contacted a female patron who reported being punched by a male patron earlier in the night while on the dance floor of the licensed premises. She stated that the male patron had made several attempts to dance with her, which she rejected. When he again attempted to dance close to her, she swatted at his beer causing some of it to spill. In response, the male patron hit her with a closed fist on the side of the neck. The officer later spoke to a member of the premises' security staff, who reported that when they approached the male patron to kick him out of the bar, the female patron began hitting him over the head with her cell phone. They were both ejected from the premises. EPD Case #18-09897.

30. On or about Saturday, July 7, 2018, at approximately 11:57 pm, two female patrons claimed to have been drugged after ordering drinks at the licensed premises. Each stated they had two cans of beer before arriving at the licensed premises. One of the patrons ordered a pint of beer and the other ordered a pint of beer and a shot of tequila after they arrived at the premises. Both patrons reported not remembering anything after walking away from the bar with their drinks. Video showed one of the patrons showing signs of a high level of intoxication. After arriving home, both women fell down the stairs, sustained serious injuries, and had to be taken to the hospital. UOPD Case #18-0886.
31. On or about Saturday, August 4, 2018, at approximately 12:00 am, a patron became combative when told by security personnel to leave the premises, and grabbed other patrons and bar fixtures when directed towards the door. A member of the security team restrained the patron, and another patron subsequently intervened and tried to physically free the original patron from the restraint. Both were removed from the bar. Taylor's Bar Report 8/3 – 8/4.
32. On or about Saturday, August 4, 2018, at approximately 12:00 am, a male patron was observed urinating on the wall of the licensed premises' building. 35. On or about Sunday, September 16, 2018, at approximately 2:19 am, an intoxicated patron who had left the licensed premises at 2:00 am was standing outside speaking with two other patrons who had also left the premises at around the same time. One of them punched the intoxicated patron in the head from behind, causing him to lose consciousness, fall to the ground, and suffer an open jaw fracture that would most likely require surgery and wiring his jaw shut. EPD Case #18-15161.

36. On or about Sunday, October 14, 2018, at approximately 2:03 am, multiple officers from EPD and UOPD responded to a large fight involving approximately a dozen people outside of the licensed premises. Officers were able to speak to two patrons who had been injured in the fight. They reported that they were walking out of the licensed premises when an unknown male approached them and began speaking to the female patron. She attempted to distance herself and move closer to the male patron she was leaving with, when the unknown male "jumped" him. He lost consciousness during the attack, and suffered severe head pain, an eye that was completely swollen shut, a cut on his upper eyelid, and a cut on his temple. The female patron at one point tried to cover the male patron while he was on the ground and unconscious to shield him from the blows, and was hit several times herself. She reported pain throughout her head and jaw area. EPD Case #18-16590.
37. On or about Thursday, December 6, 2018, an EPD officer responded to a report of a fight involving between seven and ten people near the licensed premises. The circumstances that led to the fight started inside the licensed premises. A female patron stated that she was groped from behind by a male patron while on the patio of the bar. She began yelling at him, and he yelled back. After she left the licensed premises, she ran into the male patron who began a verbal altercation with her. Her boyfriend came out of a nearby apartment and physically assaulted the male patron, and pulled a gun and pointed it at him. EPD Case #18-19194.
38. On or about Wednesday, February 27, 2019, at approximately 2:17 pm, a patron was harassed by the bartender at the licensed premises. After not leaving a tip for a drink order, the bartender cursed at the patron and repeatedly threw ice at him. Video surveillance confirmed that the bartender threw what appeared to be a receipt at the patron, and then ice at him three times within a minute. OLCC Intake #19-02195.
39. (*) On or about Friday, June 15, 2018, at approximately 2:31 am, EPD officers were called to the scene of a single-car accident in which the passenger of the car was killed. The driver of the car admitted to consuming alcohol at the licensed premises, and was later determined through a blood test at the hospital to have a BAC of 0.20%. The driver left the licensed premises at approximately 2:00 am to go home, stopping only to pick up the passenger who was later killed from another bar, when he got into the accident. EPD Case #18-09848.
40. On or about Sunday, December 9, 2018, a female patron reported getting "blackout drunk" at the licensed premises, and subsequently leaving with several other patrons to go to an individual's house where she was raped. She alleged

that she woke up in the house to the individual having sex with her, was too intoxicated to move or speak, and passed out again while he was still having sex with her. EPD Case #19-04262.

41. On or about Friday, March 8, 2019, at approximately 11:30 pm, a patron of the licensed premises became upset at a song that was being played and began verbally antagonizing and making obscene gestures at African-American patrons who were in the bar. When approached by premises security, the patron became violent and had to be forcefully removed from the premises and held until the police arrived. OLCC Intake #19-02813.
42. On or about Saturday, March 9, 2019, at approximately 1:02 am, EPD officers responded to the licensed premises after receiving a report of a male patron brandishing a firearm inside. Officers spoke to premises security staff, who stated that another patron had reported the same thing to them, but he was not able to give a description of the patron with the gun and was mostly unintelligible. Security staff later confirmed to the officers that the patron with the gun had been identified and told to leave the premises. The officers observed the patron leave, walk around the outside of the building, and then heard a single gunshot. They then arrested the patron for the Unlawful Possession of a Firearm. EPD Case #19-03532.

Willingness and Ability

There have been (*) ~~38~~ 42 serious incidents in a period of about ~~24~~ 22 months, most of which included violence, fighting, and excessive intoxication in the premises or in the immediate vicinity. Several of these incidents resulted in serious injury to patrons, including a dislodged front tooth, a fractured skull, a broken orbital bone, partial blindness, two concussions, a broken arm, and an open jaw fracture. At least one of the incidents involved suspected gang activity.

OLCC has contacted the Licensee and/or its employees, agents, or representatives on several occasions to discuss problem incidents and provide recommendations on how to better control the premises. On October 2, 2017, an OLCC inspector spoke with the bar manager about reports of female patrons being drugged in the bar, and gave verbal instructions on steps to take to prevent it from happening, identifying visible intoxication, and checking on the welfare of female patrons who have to be assisted out of the bar. The inspector spoke with Licensee on October 11, 2017, and gave him the same verbal instructions. On June 7, 2018, OLCC held an intervention meeting with the Licensee, the bar manager, and representatives from EPD and the Eugene Fire Department. Licensee was provided information about incidents at or in the vicinity of the licensed

premises involving over service, visibly intoxicated patrons, fights, DUIs, and sexual assault.

On July 14, 2018, the City of Eugene sent a letter to the Commission stating that it was providing an unfavorable recommendation for the renewal of Licensee's license based on the history of serious and persistent problems at the premises including public drunkenness, fights, assaults, altercations, over service, disorderly conduct, harassment, theft, unlawful drug sales, and other alcohol related offenses.

The number, frequency, and nature of the ongoing incidents that comprise the History of Serious and Persistent Problems demonstrate that Licensee does not have the willingness or ability to adequately control the licensed premises and its patrons' behavior in the immediate vicinity of the premises.

Violation Number Two

On or about June 2, 2018, Licensee permitted disorderly activities on the licensed premises or in areas the Licensee controls that are adjacent to or outside the premises, when Licensee's employee struck a patron after he kicked him out of the bar and knocked him unconscious. This is a violation of OAR 845-006-0347(2)(a).

DETERMINING THE PENALTY

OAR 845-006-0500 defines Violation Number One as a Category I violation and recommends cancellation for the first violation of this type within two years. OAR 845-006-0500(7)(a) and Exhibit 1 to OAR 845-006-0500. This is your first.

OAR 845-006-0347 and OAR 845-006-0500 define Violation Number Two as a Category III violation, and set a 10-day suspension or a \$1,650.00 civil penalty for the first violation of this type within two years. OAR 845-006-0347(2)(e), OAR 845-006-0500(7)(d), and Exhibit 1 to OAR 845-006-0500. This is your first.

If the Commission finds aggravating or mitigating circumstances, it may assess a greater or lesser sanction than that listed in the administrative guidelines.

Aggravating Circumstances

Violations Number One and Number Two resulted in injury to a patron. Commission staff propose to aggravate the violation for these circumstances. OAR 845-006-0500(8)(e)(H).

PROPOSED PENALTY

Commission staff recommends that the Commission cancel your license.

If a licensee's interest in the license expires or is transferred before a Final Order is issued, the Public Safety Program recommends that under the authority of ORS 471.318, the Commission issue the licensee a Letter of Reprimand. This reprimand will become a permanent part of the licensee's Commission file and may be considered in any future application for any license by the licensee.

II. REFUSAL TO RENEW LICENSE

The Commission has jurisdiction pursuant to ORS 471.040(1) over any person who buys, sells, manufactures, imports or transports any alcoholic liquor within the state. ORS 471.155 requires the Commission to provide for the licensing of persons and cities within the state to manufacture, distribute, take orders for and sell spirits, wine, beer, and other alcoholic liquors.

Not a Good Record of Compliance

Pursuant to ORS 471.313(4)(g), the Commission may refuse to license any applicant if the Commission has reasonable grounds to believe that the applicant did not have a good record of compliance with the alcoholic liquor laws of this state and the rules of the Commission when previously licensed. Commission staff proposes that the Commission refuse to renew your license for the following pending violations which demonstrate that the applicant does not have a good record of compliance: Violation Number One and Violation Number Two as alleged herein under "I. LICENSE CANCELLATION."

History of Serious and Persistent Problems

Pursuant to ORS 471.313(5), the Commission may refuse to license any applicant if it has reason to believe that there is a history of serious and persistent problems involving disturbances, lewd or unlawful activities or noise either in the premises or involving patrons of the establishment in the immediate vicinity of the premises. Commission staff proposes that the Commission refuse to renew your license for the problems described in Violation One of this Notice, which constitutes a history of serious and persistent problems. The problems listed in Violation One are incorporated into this section by reference.
